

June 1, 2020

NOTICE OF PRODUCT OBSOLESCENCE

Please be advised that effective December 1, 2020 VPC will begin the process of obsoleting all products associated with the VPC ARINC product line. In order to minimize the impact to existing ARINC users, VPC is offering a last time buy opportunity through **December 1, 2021**.

The list below contains several ARINC products that will be affected. Please note that these part numbers do not serve as a complete list and **do not limit the part numbers affected**. Other part numbers may also be obsoleted without further notice.

Interface Devices	Contacts	Modules	Patchcords & Tools
310-105-xxx	610-103-142	510-104-262	728-101-xxx
410-105-xxx	610-103-151	510-108-248	728-102-xxx
	610-103-165	510-109-122	910-104-120
	610-104-144	510-109-162	910-104-121
	610-113-120	510-109-345	910-104-123
	610-113-122	510-112-xxx	910-110-107
	610-113-138	510-115-xxx	910-110-108
	610-113-157		910-121-146

**If you are seeking an ARINC part number and it is not listed above, please contact a Field Application Engineer via vpc.com.*

Thank you for your continued support and for your part in making VPC the industry leader in mass interconnect for over sixty years.

Should you have any questions and need assistance over the course of this obsolescence process, please contact a VPC Field Application Engineer via our website, vpc.com.
